Where do you expect to be when the Mirror's Great Automobile Contest comes to a close on July 17. Do you intend to be numbered among the Winners?? If so you had better hustle and secure as many votes as possible. Every candidate has the same equal chance to land one of the 1) prizes, and the ones who win will be the ones who have worked the hardest and scrored the greatest number of votes. Do you realize what a grand opportunity is knocking at your door? Energy is the key to this door and if you want to come out victorious you should use every moment of out time in securing votes. Why walt until tomorrow? Every day lost is gone forever and the time for action is right now. It is not the spasmodic effort that will crown success, but the everlanting, persistent effort that helps you reach the highest placele of success. A word to the wise is suf-Referd. Do your level bes mow, especially while the last clubbing offer is good and thereby pave your way to success by the vote ballots.

Here is the last clubbing vote offer: 100,000 extra votes will be issued for every club of Twenty-five (\$25.00) in new and renewal subscriptions to The Mirror, if turned in between July 3 and July 8 at 9, p . m .. All subscriptions count in this offer, both new and old. The regular votes according to the schedule will be issued on all subscriptions and all you north of city and west of Pennsylvania R. R. south of have to do to receive these 100,000 extra votes is to turn in a club of city. sufferiptions to the amount of Twenty-five dollars.

in new and old subscriptions. And 39,000 extra votes will be allowed on Divisions, each District will receive a \$50 Bg of Gold all-fen dollars (\$10.00) clubs

Do these extra vote ballots look good to you? Well, let's get busy today

A Great Chance To Win. This is the greatest opportunity ever offered to win one of the fine rges, and the candidates who would not bestir themselves to win under the terms of this offer would hardly bestir themselves for a crown and

will be lost when it comes to winning one of the grand prizes at the close the contest on the night of July 17. If you are going to get busy and win here's your chance, Read over the terms of the special ex.ra vote offer and see what Twenty-five dollars' worth of subscriptions would give in votes and then go in and win.

Test Your Metal.

Candidates and their friends should strain every effort to make their vote records grow as large as possible. Just a few more votes when every resource is exhausted, may be the turning point in your favor, making you or your favorite contestant a winner of a prize worth more than one thou sand dollars.

The great value of prizes and the honor and public records for atthining success are important factors now being held worthy of consideration, Just five more days from today in which to work for the extra votes and the destiny of the world has sometimes been changed within an hour Empires have been made and unmade in a single fateful hour, and so the result of this contest is likely to be decided by what is accomplished in the next five days. The valuable prizes are hanging in the air, awaiting to be plucked by those who have the determination to win them. Only those who can run a race to the very end can hope to win a prize. The race is not to the swift nor the buttle to the strong, but it is won by the grayer. The tortois, you know, beat the hare because it kept going it rested neither night nor day until the goal was reached. Victory is not for the spurter, but for the stayer, so the Mirror's prizes are for the candidates that run the race to the very end. We are all of us nearing the home stretch, the place that tires the mettle of everyone who enters any contest contest of any sort or nature, whether it be a boat race or a contest of any kind. The remaining time will test the mettle of the candidates who are per at the term of the late of the anxious to win a prize.

Renewal Subscriptions.

Remember that the renewal of any subscription which you have secured since the opening of the contest will be counted, just the same as if i were the subscriber's first order. Thus, if one of your frinds has, since your entering the race, given you a sixmonth's subscription, and now withis to renew for a longer term, the second substription of "extension" will apply to the old subscription and votes issued according to the big pehedule.

Contest Closes Soon.

The contest will close promptly on July 17th, and all contestants who desire to be numbered among the winners should utilize every day of the remaining time. Many a victory is won in the ninthe inning and the work that the candidates does now will have a telling effect on the outcome at the ciose.

Lay your plans every carefully and prepare to use everyday in/your campaign for subescriptions. Many otes can be secured in a systematic canvass and you have but a few days left in which to win the prices. Don't Remember Too Late.
